SLAV OPERATIONS SUCCESSFUL; TAKE MANY PRISONERS.

(Associated Press by Federal Wire) PETROGRAD, Russia, Jan. 5.—The operations in West Galicia continue successfully. On Saturday 1000 Austrians were captured in this region, with several cannon and machine guns. The Austrians are being driven south by the Russian offensive in the region of the Carpathians. Near Uzsok Pass a force of the enemy practically equal in numbers to the Russians was taken, with several guns and rapid fire. The prisoners include an entire Austrian battalion, which was cut off, and surrendered as a unit with 11 officers. A wounded officer who was captured proved to be a staff officer of the Austrian column command, with all his important documents in his possession.

In the Austrian province of Bukovina the enemy has been completely defeated and the Russian advance on the extreme left has now reached the town of Suczava, less than a mile from the Roumanian frontier.

Reuters' Agency here is in receipt of advices that a small German steamer, armed with cannon, has been observed on the Vistula river, between Wyszogrod, about 25 miles northwest of Lowicz, and the town of Kempapolska.

RUMORED EXCHANGE OF PRISONERS BY BELLIGERENTS.

LONDON, Eng., Jan. 5.—The Daily Chronicle prints advices received from Berlin to the effect that the first exchange of wounded prisoners of war between Germany and the Allies will be arranged at Geneva this month.

The arrangements will be made by representatives of the belligerent nations at a meeting presided over by M. Gustav Ador, president of the Red Cross, who is in charge of the International Agency for Prisoners of War.

The headquarters of this agency are at the Rath Museum in Geneva, where a staff of 350 persons is constantly employed answering inquiries relating to missing soldiers, which have been averaging from 700 to 800 a day. The prisoners of all belligerents are listed here.

ALBANIA IN REVOLT; WARSHIPS BOMBARD DURAZZO.

PARIS, France, Jan. 5.—Despatches received last night by Havas Agency from Durazzo, Albania, report an uprising among the rebels which resulted in the destruction of the city.

ed in armed demonstrations against the French and Italian ministers. The latter were obliged to call upon Italian warships in the harbor for protection. The warships opened fire upon the city, under cover of which the staffs of both legations fled to the vessels.

The trouble began when the rebels sent a letter to Essad Pasha, the provisional president of Albania, demanding that the French and Italian ministers be delivered into their hands. Essad Pasha feared to comply with their demands, whereupon they attacked the city.

Realizing the gravity of the situation, Essad Pasha called upon the Italian legation for help, and the Italian consul communicated with the battleship Sardegna and the Misurata, both of which were lying in the harbor at the time. While the warships were shelling the attacking forces and breaking up their advance, the French and Italian ministers with their staffs took refuge aboard the ships.

FIERCE FIGHTING NEAR CERNAY, ALSACE.

LONDON, Eng., Jan. 5.—With the operations along the "reaper part of the line" brought almost to a standstill by unprecedented rainstorms, the heaviest fighting is now taking place in Alsace, according to both the French and German official announcements yesterday and last night. In upper Alsace the most desperate fighting is in progress, the latest French reports stating that near Cernay the position formerly held by the Germans changed hands three times within the past 24 hours.

The official announcement says regarding this fight: "In the region of Cernay in upper Alsace we took the German works, were driven out, and recaptured them within the space of 24 hours."

BRITISH SINK SHIPS IN GERMAN AFRICAN PORT.

NAIROBI, British East Africa, Jan. 5.—Dar-es-Salaam, the capital of German East Africa, was subjected to a bombardment yesterday by the British battleship Goliath and the British cruiser Fox, the former firing with her four 12-inch guns and landing a number of shells in the harbor, sinking some and disabling others of the German shipping in refuge under the guns of the shore batteries.

Considerable damage was done in the city, the few administration buildings occupied by the imperial governor, Dr. Schnee, and his staff being destroyed.

The landing docks were also destroyed.

PORTUGUESE UNIONIST DEPUTIES RESIGN.

LISBON, Spain, Jan. 5.—Following the lead of a number of unionist members of the chamber of deputies, who recently resigned because of disapproval of the attitude of the government in the European war, some of the unionist senators have also tendered their resignations. The leaders of this party are strongly opposed to Portugal taking any part whatsoever in the war.

AUSTRIA CLAIMS ADVANCES IN GALICIA.

VIENNA, Austria, Jan. 5.—An official announcement issued by the government last night, gives details of the recent success in the fighting against the Russians in southwestern Galicia. The announcement says: "In the district south of Gorlice we have taken several important positions which were strongly held by the entrenched enemy."

"During the northern battles in the holidays we captured 37 Russian officers and 12,698 men."

BRITAIN DRAFTING REPLY TO U. S.

LONDON, Eng., Jan. 5.—Great Britain's reply to the American note regarding the seizure of contraband cargoes in the high seas probably will be sent this week.

The outline of the reply, which is being drafted, has been submitted to France, to secure uniformity of action on the part of both allied nations.

An important statement probably will be issued very shortly by the government, showing that Italy has arrived at an understanding with the Allies concerning contraband shipments.

MINE BLOWS UP SWEDISH STEAMER.

LONDON, Eng., Jan. 5.—The loss of the Swedish steamer Carma, with her entire crew of 20 persons, in the North sea, has been reported here. The vessel is believed to have struck a mine and been blown up.

BERLIN OFFICIALLY REPORTS SINKING OF FORMIDABLE.

BERLIN, Germany, Jan. 5.—An official report yesterday says: "The commander of one of the German submarines operating against the British fleet has reported to the admiralty that his command torpedoed and sunk the British battleship Formidable off Plymouth on Friday last. Following the sinking of the battleship the submarine was attacked by British destroyers, which pursued fruitlessly."

GIRLS! GIRLS! TRY IT. BEAUTIFY YOUR HAIR.

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanse." Just try this—moisten a cloth with a little Dandeline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandeline from any druggist or toilet counter, and just try it—advertisement.

As showing the possibilities for tree growth in regions where irrigation has to be depended upon, it is pointed out that Boise, Idaho, has as many as 94 different kinds of ornamental and shade trees.

HAWAII MEDICAL SOCIETY NOW TO HAVE REAL HOME

The Hawaii Medical Society is thankful to Governor L. E. Pinkham and Superintendent of Public Works Forbes for new headquarters. Through P. E. Trotter, secretary, the organization of medical men in this city and territory is advised that suitable quarters had been assigned at the bungalow building in the palace grounds.

For years the society has been obliged to hold its regular meetings at the office or home of its members, or at a club. Much inconvenience has followed this plan. That the organization has been recognized as a powerful factor for good in the community by the donation of headquarters in one of the best locations in the city, is gratifying to its membership.

In behalf of the society, a committee through Dr. C. B. Cooper, gladly accepted the tender of a suite of rooms in the upper floor of the bungalow. Arrangements have been made to fit up a reading room and library. The Hawaii Medical Society already has many hundred valuable works as a nucleus. In the possession of Dr. Cooper and to be transferred to the new home is a large collection of medical works, once the property of the late Dr. McGrew, a physician identified with the islands for more than fifty years.

At a meeting to be called on Friday evening at 8 o'clock, the Hawaii Medical Society will hear interesting papers and discussion upon pertinent matters concerning public health. Captain Owen, a United States medical officer, will present an article upon fractures. Dr. Ralph Matson, identified with tuberculosis work with the Oregon state board of health for eight years, now a visitor at Honolulu, has accepted an invitation to relate some of his experiences. Dr. Matson is rated as an eminent pathologist and bacteriologist and has had much experience in research work throughout Europe and the United Kingdom. He is classed as one of the foremost authorities upon tuberculosis in the northwest.

The gathering will also be in the nature of an informal reception to be given in the new quarters.

JAPANESE NEWSPAPERS ISSUE SPECIAL EDITIONS

Containing many articles of interest regarding the Hawaiian islands, and dealing at length with the progress which has been made by the Japanese in the territory during the past year, the special New Year editions of the Hawaii Shimpo and the Nippo Jiji, local Japanese daily newspapers, are eagerly being bought up by the members of the Honolulu Japanese community for personal perusal and for mailing friends in the Orient.

Both editions are unusually large and are profusely illustrated with photographic reproductions and with sketches and drawings by local Japanese artists. Well-designed cover pages feature both papers, the Shimpo cover bearing a large photograph of Emperor Yoshihito.

Little Johnny—Mrs. Talkendown paid you a big compliment today. Mother—Did she really? Well, there's no denying that woman has sense. What did she say? Little Johnny—She said she didn't see how you came to have such a nice little boy as I was.—Hartford Times.

WOMEN'S SOCIETY IN ANNUAL MEETING REVIEWS YEAR'S WORK

The annual meeting of the Women's Society of Central Union church was held in the church building this morning. The morning was devoted to the reading of the annual reports of the standing committees of the church and to general business.

At the devotional exercises Mrs. Walter F. Frear gave a talk on present war conditions and in accordance with the times read a selection from Tennyson's "Locksley Hall." This was followed by prayer.

The secretary, Mrs. A. J. Gignoux, read the minutes of the last quarterly meeting, which, without correction, were accepted and placed on file. The treasurer's yearly report showed a total in moneys of over \$1000. Mrs. A. Lewis, Jr., read her report as chairman of the Bishop fund; Mrs. H. H. Williams gave her report as chairman of the committee for the Associated Charities; Miss Florence Hall gave Mrs. Florence H. McIntyre's report for the membership committee. Mrs. McIntyre not being present, Mrs. R. G. Moore as chairman of the social committee stated that within the year seven socials had been given, each having been well attended. Mrs. J. T. Warren, gave the report of the de-

rating committee. This completing the regular reports, Mrs. Andrews instructed the secretary to read a resolution which the board had suggested for the church to act upon, which was as follows:

That a sum of money not under \$1000 be appropriated as a memorial to the late Mrs. Doremus Scudder, the fund to be called the Ruth Scudder Memorial Scholarship Fund.

The motion was made and seconded to comply with the suggestion of the board.

Miss Agnes McDonald of the Girls' Industrial home then told why an emergency fund should be raised for girls who, though they do not belong in the home, are in immediate need of care. To avoid "red tape," Miss McDonald said a fund would be necessary. This suggestion was put before the house, and carried.

Officers were elected as follows: Mrs. A. L. Andrews, president; Mrs. J. T. Warren, vice president; Mrs. E. C. Webster, secretary; Mrs. W. J. Forbes, treasurer; Mrs. A. Lewis, Jr., chairman Bishop fund committee.

In district 4 of the forest service, with headquarters at Ogden, Utah, lightning caused 36 per cent of this year's fires and campers 27 per cent.

TYREE'S ANTI-SEPTIC POWDER
Catarrhal and Infected Conditions of the Mucous Membrane
are immediately removed without pain, stain, odor and without the danger attendant on the use of potent antiseptic tablets, cautery, and other so-called sanitary remedies by using
Tyree's Anti-septic Powder
This is a perfectly harmless remedy, which instantly relieves inflammation, heals irritated tissue and is equally effective as a douche. TYREE'S ANTI-SEPTIC POWDER is quickly and easily prepared, a 25-cent box making two gallons of harmless, standard antiseptic solution.

Chick Feed Calendar

THE FIRST TEN DAYS

The baby chick should receive nothing but clean fresh water until it is at least 24 hours old. Let the first feed be something soft, such as hard-boiled eggs mixed with oat meal or bread crumbs, or stale bread soaked in milk. If hard-boiled eggs are used put them through a feed chopper, shells included, and then mix with five times their bulk of rolled oats. Add a little sharp grit and powdered charcoal and feed on shallow wooden plates, four to five times daily, for the first three days. By this time the little fellows will have learned to eat and

can be started on a regular ration mixed as follows:

GRAIN MIXTURE NO. 1.
10 pounds finely cracked corn.
10 pounds finely cracked wheat.
1 pound millet seed.

GRAIN MIXTURE NO. 2.
Commercial chick feed.

MASH MIXTURE.

20 pounds bran.
20 pounds corn meal.
20 pounds middling.
10 pounds oat meal.
10 pounds sifted beet scraps.
1/4 pound salt.

From the third to the tenth day the mash is fed at 10 a. m. and 4 p. m., and the grain in the morning, at noon and in the evening.

CALIFORNIA FEED CO., LTD.
